

Flying Dreams

In my life, in my life there was just one little boy
he came to me he came to me just in my dream
but one day but one day my dream will come true,
anyway, this song I sing for You

And all I need you,
and all I need you,
to here forever,
flying with you,
flying with you in the sky.

And all I need you,
and all I need you,
to here forever,
flying with you,
flying with you in the sky.
